Contents of Volume 243

Vol. 243 Nos. 1–2 **February 15, 2001**

Research Papers

Fractal characteristics of dense stream networks
D.J. Schuller, A.R. Rao, G.D. Jeong 1

Evaluating the long-term water balance of arid zone stream bed vegetation using evapotranspiration modelling and hillslope runoff measurements
F. Domingo, L. Villagarcía, M.M. Boer, L. Alados-Arboledas and J. Puigdefábregas 17

Investigating short-term dynamics and long-term trends of SO_4 in the runoff of a forested catchment using artificial neural networks
G. Lischeid 31

Long-term rise in a Sahelian water-table: the Continental Terminal in South-West Niger
C. Leduc, G. Favreau and P. Schroeter 43

Model comparison of flow through a municipal solid waste incinerator ash landfill
C.A. Johnson, M.G. Schaap and K.C. Abbaspour 55

Simulating groundwater flow and runoff for the Oro Moraine aquifer system. Part II. Automated calibration and mass balance calculations
J. Beckers and E.O. Frind 73

Regional ground-water flow modeling of the Glacial Lake Agassiz Peatlands, Minnesota
A.S. Reeve, J. Warzocha, P.H. Glaser and D.I. Siegel 91

On the structure of soil moisture time series in the context of land surface models
J.D. Albertson and G. Kiely 101

Wellskins and slug tests: where's the bias?
C.W. Rovey II and W.L. Niemann 120

Climatological signals of the paleogroundwater in Jordan
W. Bajjali and N. Abu-Jaber 133

Vol. 243 Nos. 3–4 **March 15, 2001**

Research Papers

Estimating net aquifer recharge and zonal hydraulic conductivity values for Mahi Right Bank Canal project area, India by genetic algorithm
K. Lakshmi Prasad and A.K. Rastogi 149

Mass transport and scale-dependent hydraulic tests in a heterogeneous glacial till–sandy aquifer system
B. Nilsson, R.C. Sidle, K.E. Klint, C.E. Bøggild and K. Broholm 162

Response of a sloping aquifer to constant replenishment and to stream varying water level
T.S. Zissis, I.S. Teloglou and G.A. Terzidis 180

Effect of the sampling frequency of meteorological variables on the estimation of the reference evapotranspiration
F. Hupet and M. Vanclooster 192

A simple analytical expression to describe tidal damping or amplification
H.H.G. Savenije 205

Influence of sampling size in the estimation of mean throughfall in two Mediterranean holm oak forests
A. Rodrigo and A. Àvila 216

Inter-annual controls on nitrate export from an agricultural catchment — how much land-use change is safe?
F. Worrall and T.P. Burt 228

Uranium isotopic study of artesian and pluvial contributions to the Nubian Aquifer, Western Desert, Egypt
A.A. Dabous and J.K. Osmond 242

Geochemical and statistical evidence of deep carbonate groundwater within overlying volcanic rock aquifers/aquitards of southern Nevada, USA
K.J. Stetzenbach, V.F. Hodge, C. Guo, I.M. Farnham and K.H. Johannesson 254

Channel change and flooding, Skokomish River, Washington
S.C. Stover and D.R. Montgomery 272
